

LGBTQ+ Health coalition Monthly Meeting

October 12, 2021

Attending: Jody McClure, Marc Malone, Carlos Gutierrez, Jenette Turpin, Nolin Christensen, Kim Fisher

Items Discussed:

Website Poster: have not received final version as yet. Kim asked if anyone else had skills to take a stab at putting the needed additions on it so we can move the project along. Marc agreed to take a look. Kim will forward info to him.

Support Groups for Transgender adults and youth: Kim shared that David Wade Monarco had sent flyers for both and they are attached to this email of minutes. Please share with anyone you feel might be interested. They can be accessed through Zoom and are run by M Care Clinic from Wichita

Website access for Marc: He reports this did happen and he has been added

PRISM update: Marc reports that meetings are each Friday at 3pm in the Fine Arts building at GCCC

Nolin will help with getting a sample form to “vet” affirming organizations.

Formalizing roles for the group: Kim brought up the possibility of having people fill specific roles for the group in the future. Discussion was had on if that would be beneficial, what roles to have, how to fill the roles and what the commitment to a role might look like.

Possible roles proposed were 2 people in co-chair roles, 2-3 people who have access to and would keep the website updated, 1-2 people who would update and manage a future Facebook page, 1 person to take and distribute minutes.

We discussed how to proceed on this matter and it was decided that an email would be sent to all members of the group asking for people interested in filling a role and that options should be given of different time frames to take on a role so as not to have people feel like it was a long term commitment. Kim will send this email out to members in the next few days.

Kim brought up idea to have a monthly focus to post information, resources, etc on the website to give new content and keep interest. Through this developed again the idea of beginning a FB page for the group. Carlos volunteered that he would be willing to manage a FB page.

Marc shared that Brett Crandall is preparing his calendar of performances for the next several months and is available for bookings back in Kansas. If anyone knows of organizations that would be interested in booking or sponsoring a performance please send them Brett's way.

Next meeting will be Nov 16th at 4:30 through Google meet. Link will be sent closer to meeting date.
